

KHUSHI CHAUHAN

Final-Year B.Tech (IT) Student | AI/ML & Full-Stack Developer

kc0982525@gmail.com | +91 8849802823 | [LinkedIn](#)

SUMMARY

Final-year B.Tech Information Technology student with a strong interest in Artificial Intelligence and Full-Stack Development. Familiar with Python, JavaScript, React.js, FastAPI, Machine Learning, NLP, Generative AI, LLMs, and RAG through academic projects, internships, and hands-on learning. Eager to apply my knowledge to real-world projects, learn new technologies, and grow as a software and AI developer.

TECHNICAL SKILLS

- **Programming Languages:** Python, C, JavaScript
- **Web Development:** HTML5, CSS3, React.js, Node.js, FastAPI, REST APIs
- **Artificial Intelligence:** Natural Language Processing (NLP), Generative AI, Large Language Models (LLMs), Retrieval-Augmented Generation (RAG)
- **Tools:** GitHub, VS Code

INTERNSHIP

Microsoft Skill Based Training

Microsoft Program | Jul 2026

- Completed hands-on training in Cloud Computing and Microsoft Azure.
- Learned Azure services, cloud security, networking, and storage.

GenAI Career Accelerator (Training Program)

SmartBridge | Jul 2026

Completed industry-focused training in Generative AI and Prompt Engineering.
Gained hands-on experience with AI tools and Large Language Models (LLMs).

PROJECTS

1. Exam Seat Finder System (ESFS) (website)

- Developed a **full-stack web application** that enables students to instantly retrieve examination seat details using their enrollment number.
- Integrated **Excel-based data processing** with a responsive interface for fast and accurate seat information retrieval.

2. Yatra (Web Application)

- Developed a **location-based web application** that helps users discover nearby places using real-time geolocation.
- Implemented **category-based filtering and interactive map navigation** to improve location discovery and user experience.

3. Smart Placement & Learning Roadmap (Website)

- Developed an AI-based platform using **Python, TF-IDF, and Cosine Similarity** to evaluate students placement readiness and identify skill gaps.
- Generated **personalized learning roadmaps** based on student skills and provided internship eligibility and progress tracking.

4. SkyBridge (website)

- Developed a **cybersecurity-focused file-sharing platform** for secure transmission and sharing of large files.
- Designed the application workflow with a focus on **secure data handling, file transfer, and user-friendly interaction**.

5. Dead Phone Emergency Alert System (Application)

- Designed an emergency alert application that transmits a device's **last known location** when the battery becomes critically low or the device powers off.
- Designed the **system architecture and communication workflow** for real-time emergency location alerts.

6.AI Legal Document Assistant | Internship Project (website)

- Developed an AI-powered legal document analysis system using **Python, FastAPI, React.js, NLP, LLMs, RAG, and FAISS** to process and understand uploaded legal documents.
- Implemented **semantic search, document summarization, and an AI chatbot** for natural-language question answering over PDF/DOCX documents.

ACHIEVEMENTS

- Secured 1st position in a college-level hackathon, competing against multiple cross-functional teams.
- Won 1st rank in a college-level volleyball competition, demonstrating teamwork and on-field leadership.
- Represented college at GTU-level volleyball competitions.

CERTIFICATIONS & ACTIVITIES

- MasterClass in Full Stack Development
- MasterClass in Data Analyst
- SAP Certified
- GTU Zonal Volleyball Certification (2025)
- GTU Interzonal Volleyball Certification (2025)
- GTU Zonal Volleyball Certification (2026)
- Hackathon Winner Certification
- First Prize, Techfest — Adani University
- Hosted and volunteered at Code Unnati Innovation Marathon

EDUCATION

B.Tech in Information Technology | *Shree Swaminarayan Institute of Technology, Gandhinagar* (2023-2027)

12th Science | *GSEB Board* (2022-2023)

10th | *CBSE Board* (2020-2021)

SOFT SKILLS

- Communication • Leadership • Teamwork • Time Management • Event Management • Adaptability • Creative Thinking
- Problem Solving
